

CE Expert System

Version 33.0 Release Notes

This version of the CE Expert System was implemented on 4 May 2010.

Clear-Quest #	Description	Area
45, 80, 119	<p>New <u>Bridge and Roadway Programmatic Agreement (BRPA)</u></p> <p>Users can now create packages of type "CE/ED BRPA". When generated, these special packages contain one form, the BRPA Matrix. These packages can be of type scoping, evaluation or reevaluation.</p> <p>BRPAs are submitted to Environmental Managers to be "Marked as <i>Applicable</i>" then moved to the Archive, similar to the review and approval process of all other packages.</p> <p>Old programmatic packages (BPAs) that were not "Marked as <i>Approved</i>" were deleted when the new BRPA went into effect.</p>	System
116, 117	<p>"Part B: Section A-4" Form Updated for the new <u>Section 106 Programmatic Agreement</u></p> <p>Existing "Part B: A-4" documents, still in Preparation status, have to be refreshed to the new form version. Users must recomplete and verify associated data.</p> <p>The "Cultural Resources Exemption" report was changed to accommodate the old Stip C and the new Section 106 data.</p> <p><i>*See the attached "call-out" document for specific changes.</i></p>	Forms

<p style="text-align: center;">8</p>	<p>New Button for Emailing a Link to an Approved Package</p> <p>A button titled “Email Package Link” has been added to approved Package Documents. This button composes an Outlook message with a link to the package in the CE archive. Users can tailor the message and select recipients before sending it.</p>	<p style="text-align: center;">Archive</p>
<p>6, 51, 58, 94, 100, 102, 133, N/A</p>	<p>Miscellaneous Minor Enhancements/Fixes</p> <p>A new note has been added to “Part A: Structures” document reminding users that dashes must be included in BMS Number when searching against it for BRKEY.</p> <p>A new verification rule has been added to “Part B: C” document to ensure users add remarks when no public involvement has been indicated.</p> <p>The Preparer field in “Part A: Gen” can now handle multiple values separated by commas, without changing them to semi-colons.</p> <p>Reevaluations can no longer be created from approved EA Evaluations, using the old EA forms that are no longer supported in CEES.</p> <p>The “Cultural Resources Exemption” report no longer shows non-included documents.</p> <p>The Home Page graphic has been adjusted to accommodate the highest screen resolution of 1680x1050.</p> <p>MPMS project descriptions with special characters can now be added to Package Documents.</p> <p>The verification “warning” icon has been enhanced for higher resolution monitors.</p> <p>The agent log view “By Package ID” has been revamped for user-friendly sorting, etc.</p>	<p style="text-align: center;">Various</p>
