

CE Expert System

Version 47.0 Release Notes

This version of the CE Expert System was implemented on 30 September 2013.

ClearQuest #	Description
244, 331	<p>Issues using the system with Internet Explorer (IE) 9.0 and 10.0 have been resolved</p> <ul style="list-style-type: none">• More recent standards for HTML, CSS and JavaScript have been incorporated, thus fixing issues in both workflow and appearance. Examples include:<ul style="list-style-type: none">○ IE 9.0 users are now correctly prompted when reviewer names are blank for package submissions○ IE 10.0 users can now use the pop-up calendar for blank date fields
252	<p>Emergency Projects view now shows whether repair is permanent or temporary</p>
272	<p>Measurement labels have been added to Scoping forms</p> <ul style="list-style-type: none">• Units were made consistent with associated fields in CE/ED evaluations (e.g. “ft”, “mi/h”, etc.)• General Information, Design Criteria, Roadway and Structure forms will have to be refreshed for new units
299	<p>Scoping package submission emails to Environmental Managers (EMs) include new six week warning</p> <ul style="list-style-type: none">• If the package is being submitted over six weeks from SFV date, the following wording appears in the EM review email: <i>Note, DM-1B Chapter 3 Section 3.2.A.5 strongly recommends that the scoping document be submitted and approved within six weeks of the scoping field view. At the time of this email, it has been ## weeks since SFV date of MM/DD/YY.</i>

321, 333, 349	Various system administration upgrades <ul style="list-style-type: none">• Each morning, the system now tests the MPMS database (in addition to LPN) for “health check” of connections, table existence/access and data• An email is now sent to system administrators if the daily ProjectPATH extract misfires
335	For B:A-3 documents created after 7/2/2012, the following T&E note has been changed from “one” to “two” years <i>Reviews, concurrences and approvals for Threatened and Endangered Species searches/coordination are time sensitive. If the coordination is greater than <u>two</u> years old, a new coordination effort will be required with the commenting/review agency(s).</i>
