

CE/EA Expert System
Version 24.0 Release Notes

This version of the CE/EA Expert System was implemented on 17 September 2007.

PETS #	Description	Area
2497	When submitting a package for review, <u>users are now warned that documents with Include = "No" will be omitted.</u> A system note to this affect has been added to the Pop Up Document List when the package status is Preparation or Revision. Also, users are warned about the omission when clicking "No" for the Include field.	System
2959	<u>A Delete button has been added for Help and FAQ documents.</u>	Help
3671	<u>A new verification warning has been added to scoping Part B: Section A-1 documents,</u> where if impacts are "Yes" in Floodplains, "No significant encroachment" should be checked.	System
4111	Workflow on Part B: Section A-6 forms has been changed such that <u>changing Noise Type I question to "No" clears any selected subcategory checkboxes.</u>	System
4123	<u>A new administration report has been created to match packages that can be potentially archived to EDMS with MPMS statuses.</u> This report is available from the new "EDMS Archived" view described below.	Admin
4127	<u>A new FAQ button has been added to date selection screens for MS Excel reports.</u>	Help
4143	<u>CEEA will now appear in the foreground for users opening the system from the link in the ECMS navigator.</u>	System
4151	<u>Form Version and Release numbers have been hidden from document footers for non-Admin users.</u>	Admin

4204	<u>Roadway SR and Section numbers are no longer repeated for MPMS numbers that are entered manually on the Package Document.</u>	System
4214	<u>Emails are now marked as “Development” or “Test” when coming from non-Production environments.</u>	System
N/A	<u>Handling of larger attachment files has been improved in the Create PDF process (tested with attachments up to 20MB).</u>	System
N/A	<u>“Admin: About” link has been removed from the navigator. The link to the Package Reviewer/Approvals matrix has been moved from this page to the System Information document.</u>	Admin
N/A	<u>A new view has been added to the Archive navigator called “EDMS Archived”. This view shows all packages that have links to PDFs stored in EDMS.</u>	System
N/A	<u>The Federal Oversight Agreement has been updated on the Package Document.</u>	Help
N/A	<u>When creating an Evaluation from an existing Scoping, any changes in the review cycles now appears immediately in the new Package Document. Previously, users had to check out the new Package Document to see any changes in the reviewers.</u>	System
