

## CE Expert System

### Version 38.0 Release Notes

This version of the CE Expert System was implemented on 26 July 2011.

Area	Description	ClearQuest #
Package Document	<p><b>New workflow and data tracking for project funding</b></p> <ul style="list-style-type: none"><li>• A new table has been added to show project funding information from MPMS including TIP amounts and TIP/LRTP dates<ul style="list-style-type: none"><li>○ A new LRTP date field for each project was added to MPMS prior to this CEES release</li></ul></li><li>• A remarks field has been added to document funding exceptions (see onscreen guidance and associated FAQ)</li><li>• A “last refresh” date has been added to track when project data was most recently pulled from MPMS<ul style="list-style-type: none"><li>○ When submitting the package for review/approval, users are now warned to refresh if information is older than 60 days</li></ul></li><li>• “Part A:Gen” and “BRPA Matrix” forms will need to be refreshed to removed TIP construction funding questions</li></ul>	164
MPMS Data Sharing	<p><b>Approved package information now sent directly to MPMS</b></p> <ul style="list-style-type: none"><li>• Upon approval, CEES now sends PE environmental milestones directly to MPMS, instead of MPMS pulling this information from the ECMS Project Development Checklist<ul style="list-style-type: none"><li>○ This new data push includes package type (e.g. CE 1b, BRPA, ...); MPMS uses this information to auto-fill the Federal type on any associated 4232 documentation</li></ul></li></ul>	175
Administration	<p><b>New logging database added</b></p> <ul style="list-style-type: none"><li>• Existing log database had grown too large (IBM recommended not exceeding 200,000 documents)<ul style="list-style-type: none"><li>○ All logging from this release forward will go in the new log, therefore some packages will have log records in two places</li></ul></li><li>• Requesting user names have been added to report logging</li></ul>	162, 170

Attachments	<p><b>Various enhancements</b></p> <ul style="list-style-type: none"> <li>• A problem whereby new attachments were flagged as duplicates if their file name existed within an already attached file name (instead of equal to) has been repaired <ul style="list-style-type: none"> <li>○ Example: “Stormwater.pdf” was seen as a duplicate if “2011 Stormwater.pdf” was already attached</li> </ul> </li> <li>• Further steps have been taken to ensure files are only PDF or RTF extensions</li> <li>• Further steps have been taken to ensure file names do not contain special characters</li> </ul>	26, 150, 168
Miscellaneous	<p><b>Various enhancements</b></p> <ul style="list-style-type: none"> <li>• More than six Exempt Project Activities can now be seen in read mode on “Part B: A-4” and “BRPA Matrix” documents</li> <li>• Revision Requests now print without an extra blank page</li> </ul>	149, 167
